

ACGME Cloud

A cloud-based digital platform for Graduate Medical Education (GME) that provides single sign-on (SSO), data analytics, reporting, and access to ACGME products like ADS and Case Log.

<https://www.acgme.org/>

Overview

ACGME Cloud is a transformative, multi-year digital platform launched by the Accreditation Council for Graduate Medical Education (ACGME) as part of its digital transformation journey. The platform was launched in phases starting in 2025 and is designed to reimagine accreditation, reduce administrative burden, and unlock the full potential of data-driven insights within GME.

It integrates cutting-edge digital technologies, leverages Artificial Intelligence (AI), and optimizes data analytics to enhance efficiency, accuracy, and decision-making for continuous quality improvement.

The platform is structured around core components, starting with **ACGME Cloud | Core** and **ACGME Cloud | Analytics**. **ACGME Cloud | Core** introduces a new identity and access management system with a Single Sign-On (SSO) process, allowing users to securely access all ACGME products, including the Accreditation Data System (ADS) and the Case Log System, with one set of credentials. **ACGME Cloud | Analytics** offers personalized, self-service access to data, analytics, reporting, dashboards, and data exploration capabilities, with the "Explore Public Data" product being the first release.

ACGME Cloud empowers educators, institutions, programs, and the broader medical education community—including Designated Institutional Officials (DIOs), Program Directors, and Program Coordinators—to focus on excellence in medical education and patient care.

Key Features

- Single Sign-On (SSO) for ACGME products
- Personalized data access for GME roles

- Self-service analytics and reporting
- Interactive dashboards and data exploration
- Accreditation Data System (ADS) access
- Case Log System access
- AI and machine learning integration

Pricing

Model: enterprise

Access to ACGME Cloud is included as part of the annual accreditation fees paid by ACGME-accredited Sponsoring Institutions and Programs. Annual Program Fees range from \$5,125 to \$6,200, plus an Institutional Fee of 2.5% of total program fees. The platform itself is not a separate, publicly priced product.

Target Company Size: enterprise

Integrations

Accreditation Data System (ADS), Case Log System

Compliance & Certifications

HIPAA
