

# SPRY Insurance Eligibility

AI-powered, real-time insurance eligibility verification for physical, occupational, and speech therapy clinics, eliminating manual checks and reducing claim denials.

---

## Overview

---

SPRY Insurance Eligibility is a core, AI-driven feature within the comprehensive SPRY EMR and Practice Management platform, specifically designed for physical therapy (PT), occupational therapy (OT), and speech-language pathology (SLP) clinics. It automates the traditionally manual and time-consuming process of verifying patient insurance coverage.

### Key Capabilities

**Real-Time, AI-Powered Verification:** Provides instant, accurate eligibility results directly from payer portals, boasting a 95%+ accuracy rate to minimize errors and delays.

**Comprehensive Benefit Details:** Unlike basic checks, it retrieves PT-specific information including deductibles, co-pays, pre-authorization requirements, and limitations, enabling staff to inform patients upfront about their financial responsibility.

**No Per-Verification Fees:** The feature is included in the subscription model, allowing clinics to perform unlimited checks without incurring additional costs.

**Automated Compliance:** Automatically appends the correct KX modifier for seamless Medicare Part-B compliance before claim submission, significantly reducing rejections.

**Seamless Workflow Integration:** It is fully integrated with SPRY's EMR, scheduling, and billing systems, eliminating duplicate data entry and streamlining the entire revenue cycle management (RCM) process from patient intake to claim submission.

By automating eligibility checks, SPRY helps clinics achieve up to 40% faster reimbursements, a 98% claim approval rate, and a 60% reduction in administrative workload, allowing therapists to focus more on patient care.

## Key Features

---

- Real-Time Eligibility Verification
- AI-Powered Automation & Claim Scrubbing
- Unlimited Verifications (No Per-Check Fee)
- PT-Specific Benefits Retrieval (Co-pays, Deductibles, Limits)
- Automatic Medicare KX Modifier Appending
- Integrated Patient Intake & Scheduling
- AI-Powered Documentation (AI Scribe)
- Integrated Billing & RCM

## Pricing

---

**Model:** subscription

Subscription-based pricing, starting at \$100/NPI/month for the SPRY Billing Dashboard module, or \$150/NPI/month for the full SPRY EMR solution. The eligibility feature is included in the platform subscription with no per-verification fees.

**Starting at:** USD \$100

**Target Company Size:** small, medium, enterprise

## Integrations

---

Zocdoc, Zapier, Mailchimp, Keap, Zoho Bigin, Twilio, Physitrack, Wibbi, Paya, GoCardConnect

## Compliance & Certifications

---

HIPAA, ONC-ATCB Certified
